Dear Colleagues,

Please find attached the final workshop report summary. Thanks to all for your edits and comments, which should be captured in the attached draft. This can be shared within your organizations as needed to inform ongoing activities, but please do not share more broadly.

For your information, I am also attaching the final proof of the soon-to-be-published commentary for BNA that includes information on the workshop.

In preparation for our follow-up discussion on November 22, I am also sending the case study proposals received to date. Please review and be prepared to discuss where your organization could be involved in these or any other potential case studies not yet proposed.

Proposed Agenda:

- 1.
- 2.
- 3.

## Deliberative Process / Ex. 5

Looking forward to our continued discussions,

Bob

*The detailed action items sent previously are included below for your reference.*

These activities can be divided into two main categories:

# Deliberative Process / Ex. 5

**Case Study Proposals:** One-page concept proposals for case studies are due in one month (**November 1**) to Maureen Gwinn ([gwinn.maureen@epa.gov](mailto:gwinn.maureen@epa.gov)). These proposals should include a short description of how NAMS would be used to address the topic or theme described for each below, and include timelines for completion. These will be compiled and shared with all meeting attendees, who can then decide if they want to participate in the case study.
